Not very pleasant to talk to. I don't find them helpful and accommodating at all. I would NEVER recommend anyone to them as there's a lot of other migration agents that are far more knowledgeable in what they do and even friendlier.

“On behalf of my husband we would like to thank the staff especially Janna and Mr FRANCIS for the support that you guys have given to us. From the tourist visa application you have shown a positive result already even before the approval. Then when we started the partner visa application, you guys never fail on making sure that everything are done to the immigration standard. Indeed it was a less stress for us. Truly we are overwhelmed for PR granted within 16 months ❤️👍 God bless you.”

“Origin Migration is reliable. They handled all my visa applications until I got my permanent residency. My applications took a while due to the changes from the department, but they kept me posted and found ways to help me achieve my goal. They sure know their stuff. The staffs were also incredibly friendly and accommodating regardless of the branch (what a culture!). I definitely give Origin Migration, Francis and the staffs a 5-star rating! 😊”
